WHO WE ARE

We are a business intermediary and a licensed real estate broker in Ontario that exclusively specializes in marketing and facilitating transactions of small to medium-size businesses.

As members of the International Business Brokers Association we pride ourselves on deploying highly sophisticated methods of preparation, valuation, marketing, and negotiation leading up to a successful business deal. We work on an exclusive basis with our clients and our listings are not available through public domains like the Multiple Listing Services (MLS). As the opportunities we represent are generally well-performing, established businesses, we are extremely careful in marketing them confidentially and without disruptions to current operations.

Each seller that works with our Team is required to provide extensive documentation and information prior to us valuing and marketing the opportunity. As part of our commitment to both sellers and buyers, each business' performance is summarized within a Confidential Business Review (CBR) that is made available to pre-screened and pre-qualified buyers.

We execute a marketing plan and create a high-quality marketing document which attracts educated buyers. In addition, our staff has been advising significant clients for most of their careers, which is a level of advisory service that the SME market typically does not see.

OUR PROCESS

We have developed a thorough 10-step approach in assisting business owners in their effort to maximize shareholder value during the sale of their business. This, combined with our rigorous pre- screening and pre-qualifying process of potential business purchasers and our proprietary buyer database, makes us uniquely positioned to serve the needs of small to medium-size businesses in Ontario.

01 INITIAL MEETING / CONSULTATION

Upon your invitation, we meet, during which we introduce our business brokerage services and discuss the selling process and our fee structure. At this point, we also ask you to provide us with an overview of the business, the reasons for selling and high-level financial information so that we can acquire an initial understanding of your business performance.

02 BUSINESS VALUATION

In order to carry out the business valuation, we require the following documentation:

- Completed Seller Questionnaire (template to be provided by our Team)
- 5 years of Financial Statements and Interim Profit & Loss / BS for the current fiscal year
- Asset/Equipment List (list of assets included in the sale of the business)
- Lease Agreement (if applicable)
- Franchise/Distribution Agreement (if applicable)
- Any other relevant documentation depending on type of business

Based on the information provided and after possible follow-up requests by email or phone, we will make a recommendation to you on the Asking Price based on an estimated Fair Market Value. We will provide you with a rationale of how that FMV has been determined, and give you an estimate of the ultimate Proceeds to Seller after taking into account closing costs, brokerage commission, etc.

Although we suggest that you consider our experienced advice as business brokers, you as Seller have the final say in what the Asking Price of the business will be.

OUR PROCESS

03 ENLISTING OUR BROKERAGE

When you decide to contract our services, we require that you sign a Fee and Listing Agreement.

04 CREATION OF PROMOTIONAL DOCUMENTS

In parallel, our Team will create two critical marketing documents that will entice prospective buyers to investigate your business-for-sale opportunity further. Both documents will be sent for your approval before they are used:

- The “Teaser” (1pg) which is used to confidentially market the business to prospective buyers
- The Confidential Business Review (15-30pg) which will be distributed to pre-screened buyers after they have signed a Non-Disclosure Agreement

05 MARKETING THE BUSINESS

A combination of marketing techniques is used to confidentially promote your business to prospective buyers. These include:

- Solicitation to prospective buyers we have worked with previously who were interested in a similar business in the past
- Featuring your business in our monthly Email Newsletter to our Proprietary Buyer Database
- Solicitation letters to targeted buyer candidates in the same or complementary industries, often following your recommendations
- Several specialized businesses-for-sale websites, such as www.businessesforsale.com and www.bizbuysell.com, as well as our website www.ontario-commercial.com

OUR PROCESS

06 SCREENING PROSPECTIVE BUYERS

When we receive an inquiry for your business, the first prospecting step is to require a signed Non-Disclosure Agreement (NDA) to ensure the confidentiality of any information released. This forms already a strong pre-screening test, as in practice many buyers are neither sufficiently interested nor wish to take the legal consequences of signing such an agreement. The willingness to sign the NDA already provides significant clues to the seriousness of the prospective buyer.

Once the NDA is received, the buyer must complete the Buyer Information Form in order that we can obtain background information, including his/her experience working/knowledge in your industry, experience/willingness to be a business owner, and financial capabilities to fund the transaction. The broker will at this stage discern suitable prospective buyers and send them the Confidential Business Review for their perusal.

07 SHOWING THE BUSINESS

If the buyer remains interested in your business, further discussions will take place both between the buyer and the broker and between the broker and yourself to answer any immediate questions that the buyer or you may have.

At this point, we will also require a Buyer Financial Summary and if deemed necessary, a Credit Report to assess the Buyer's financial capabilities.

We will facilitate a first Buyer/Seller Meeting at our offices or preferably at your company location to allow the buyer a first visit to the business. This may be followed by more meetings, as required.

08 NEGOTIATING THE PURCHASE AGREEMENT

The Letter of Intent (LOI), or Conditional Purchase Offer, is the formal document in which the buyer and seller agree on the major parameters of the deal. If, after a period of due diligence, the buyer wants to finalize the purchase, a definitive Share or Asset Purchase Agreement is prepared and signed by both parties. Our Team assists in the offer preparation and term negotiations by:

OUR PROCESS

- Suggesting support advisors (legal, accounting, financial) as required
- Reviewing the offer and drafting a Counter Offer, if required, (with each party's legal counsel)
- Providing opinion and advice on various considerations to be made in the Offer

Once the Purchase Agreement has been signed, a deposit of the Sale Price is deposited in a Trust account by the buyer to signal his commitment to conduct the due diligence and finalize the purchase.

09 CONDUCTING DUE DILIGENCE

The Due Diligence period consists typically of 3 to 6 weeks in which the buyer is allowed unlimited access to the business and its records to ensure that the financial and other data provided is accurate and that the value of the business is as previously represented. Our Team will help compile Due Diligence Checklists and assist the seller in submitting the required documents to the buyer.

10 CLOSING THE TRANSACTION

At the time that the two parties have agreed on a definitive asset or share purchase agreement and the Due Diligence has been completed, it is time for the parties' lawyers to lay the groundwork for the transfer of the business interest between the vendor and the purchaser. Our Team assists the seller in the process where applicable by proofing/revising closing documents and coordinating the initial transitioning of the business to the new owner.

COMMERCIAL REAL ESTATE SERVICES

Our team of licensed brokers is experienced with diverse types of commercial real estate transactions and assets.

We assist our clients with the sale of their businesses and associated commercial real estate. Whether it's a small or large property, we will evaluate the comparable sales near the subject property and arrive at a market analysis. We also work with 3rd party certified real estate appraisers when a formal report is required for lenders and financing.

We're committed to providing exceptional service.

If the real estate is not owned, we can assist with the transfer of an existing lease or negotiation of a new lease. Alternatively, if a buyer does not want to buy the real estate, we can facilitate the drafting of a new lease in conjunction with each party's attorneys or counselors.

In either case, we will coordinate the closing process for the sale of the business and/or real estate for a seamless transition.

CLIENT TESTIMONIALS

We would highly recommend Khaled Baranbo if you're looking to purchase a commercial business. He guided us through a limited market, understood our needs, responded to every request, and helped us to learn which type of business we were looking for. Khaled made himself available to help us react in a timely manner. Khaled made us feel safe and confident in our purchase, knowing that he would never push us beyond what we were comfortable spending and ensuring that we were not paying above market value for the business. We are very thankful to you. Finally, we get the key to our business. We sincerely appreciate your hard work and every effort for getting us into this business.

Samarth Patel And Khushminder Sharma - New Owners of Core Tool Technologies

What started off as a "nothing" conversation and some interest turned into an agreement and recent sale of my company with Khaled's guidance and consistent effort. Khaled was a great help and assisted throughout the entire sale process. He is not a person to take the money and run without help, and understands the sale is not complete until money changes hands. It was a longer journey than we initially anticipated, and he was there to consistently help and bridge the gaps between the buyers and ourselves all along the way, particularly when obstacles presented themselves, which, I have come to learn, can happen during the sale process. He also was the driver to find multiple buyers and opened my view to explore all interested parties. Ultimately, those same buyers who I didn't think had potential were the ones who purchased the company. Very good job. A sincere thanks for a job well done. It was appreciated!

Kevin Martin - Core Tool Technologies

I recently bought a business where Khaled was the broker. It was my first time buying a business and Khaled went above and beyond in assisting me through every step of the transaction. His expert guidance and advice made the process as smooth as possible. I could not have asked for a better broker. Would highly recommend him to anyone.

Johnny Engelbrecht Condo Kandy - CEO

CLIENT TESTIMONIALS

When I decided to sell my business, I approached many brokers and none but Khaled saw the true value of my company. He undertook to sell my business on my terms without any sort of prepayment. It took less than 6 months from the time of listing to find the buyer. I am very happy with Khaled's service. Highly recommended.

Dennis Kourktchan - All Seasons Landscaping Co.

It has been a pleasure working with Khaled. His experience and the professionalism of his team are top notch. I would highly recommend Khaled.

R Hubert - Business Owner

I have just sold my business with Khaled. He was very professional and listened to our concerns right from the beginning. He negotiated well on our behalf time and time again until we got a fair deal. I would definitely recommend him to anyone looking to buy or sell a business.

Gary Malleck - Malleck Precision Machining

I am very impressed with the business profile / presentation you provided us for evaluating the business for sale listing - it's very detailed and informative. We found that not many brokers take that much time to produce such a detailed document from my experience as a private equity investor.

Nick V - Quadra Global Capital Corp

CLIENT TESTIMONIALS

Dear Khaled, we want to thank you for a job well done. We found you extremely helpful and hard working. Throughout the process of signing the LOI to the closing of the deal you showed professionalism and patience. You were available almost any time from late evenings to weekends. It is due to your arduous work and professional service that we found a good business deal and were able to close it in the shortest possible time. You guided us throughout the process and at every step, whether it is finding a good appraiser, banker, or a lawyer. It was a great experience working with you indeed. Your presence and cooperation made it easy for us. The deal concluded hassle free. We are extremely happy with your professional services and wish you and your company success in all your future endeavours.

**Muhammad Saleem and Shahid Khan, New Owners of Malleck Precision Machining,
Cambridge**

Working with Khaled on purchasing my business was extremely straightforward, and without any pressure. He was responsive, honest, and knowledgeable. I look forward to working with him again.

David Orban

Disclosure: Khaled had represented the seller in the transaction, and I was the buyer. I am glad to say that the transaction was quite smooth. I was impressed with the business profile that Khaled prepared, as well as his regular follow-ups during the entire process. He was professional, to the point, and always willing to support the process. I will consider using his service in the next business transaction. Thank you, Khaled.

Artemy Kirnichansky

CLIENT TESTIMONIALS

I did enjoy working with you Khaled, and I'm happy the sale is completed. You did put together good numbers for normalization. I liked the screening process for potential buyers. I'm happy about the buyer you brought to the business and I feel I will be able to work with them after the sale. We were able to keep things secret for one and half years, and nobody saw the sale coming. Confidentiality was very important to me in this process. I enjoyed working with you during this process and I am sure you will be very successful in future transactions. Thanks for your help to get this done!

William Cook - Progressive Machining Inc.

I had been looking to acquire a manufacturing business for quite some time and as I was scouring in the internet for opportunities, I came across one of Khaled's listings. I was using several different brokers at the time but what I can say is that Khaled stood head and shoulders over the rest. He was always very pleasant and responsive to my questions and he never pushed a business that I was not comfortable with which is very much appreciated. Once we did settle on the business that I ended up closing on, Khaled was very helpful throughout the entire process. The due diligence occurred as COVID-19 was upon us which slowed things down considerably. Even though the due diligence process went on longer than normal, Khaled never showed any frustration or pushed the process. Khaled is very professional, dedicated and I would trust him for any other deals. I was a buyer this time, but if I was to sell a business, I would not hesitate to list it with Khaled. I would recommend him anytime without hesitation. Thank you Khaled!

Tony Fiorenzini-Barrday

We would like to thank Khaled for his advice and professionalism during the purchase of our business. His attention to detail is second to none and made the process seamless, especially during a difficult time, following all Covid 19 protocol. We would highly recommend his services and would not hesitate to use Khaled again.
